

Zero Cost Processing

The Newtek Technology Fee Program can reduce or even eliminate card processing transaction fees. The fee is passed onto the consumer like an ATM. The fee is waived as a discount for cash transactions.

CUSTOMER COPY

- Applied equally to Credit and Online Debit transactions*
- Available for face to face retail swipe transactions
- Fee amount will be a percentage of the transaction amount charged to the Cardholder
- Fee amounts broken out on Receipts and Batch Reports
- Merchants can have the option to cancel the fee amount at their discretion
- Next Day Funding and Daily Discount provided with this program

How it Works:

1. Merchant enters the transaction sale amount and the technology fee is automatically calculated.
2. Customer accepts the transaction amount and technology fee.
3. Customer swipes, dips, or taps their card.
4. Customer gets receipt and Merchant receives 100% of transaction.
5. Merchant can waive fee on any transaction desired.
